PSHE/British Values:

Mental Health and Wellbeing: try something new or difficult and know what challenge feels like, achieve a goal, celebrate skills and strengths

British values – expectations and beliefs

Maths:

Number: Recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables, write and calculate mathematical statements for multiplication and division using the multiplication tables they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods, solve problems, including missing number problems, involving multiplication and division, including positive integer scaling problems and correspondence problems in which n objects are connected to m objectives.

Measurement: money: add and subtract amounts of money to give change, using both £ and p in practical contexts.

Statistics: Interpret and present data using bar charts, pictograms and tables, solve one-step and two-step questions [for example, 'how many more?' and 'how many fewer?'] using information presented in scaled bar charts and pictograms and tables.

PE/Games:

- Netball
- Basketball
- Tennis.

Non Thematic Subjects:

- French: Age, 'Where you live', numbers 13-20 and days of the week.
- R.E: Christianity: Jesus' miracles

Useful Information for Parents:

Spelling homework will be posted on the website weekly. The words will be taken from the Year 3 curriculum list.

Year 3 are expected to practise times tables using TT Rockstars. Homework will be set on My Maths and children will be informed when this has been done.

Theme: Active Planet

Art:

- Painting
- Shadow art
- Pastel techniques

History:

- a depth study linked to one of the British areas of study (Charles Darwin)
- a study over time tracing how several aspects of national history are reflected in the locality (Charles Darwin)
- a study of an aspect of history or a site dating from a period beyond 1066 that is significant in the locality

Geography

- use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied
- use the eight points of a compass, four-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world
- use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.

Science: Water cycle linked to evaporation and condensation
